### Statement of Material Facts Under Section 134 (3) of The Companies Act, 2017

This statement sets out the material facts pertaining to the special business to be transacted at the AGM of the Company to be held on April 27, 2024.

# Agenda Item No. 4 (a) - Transactions carried out with associated companies during the year ended December 31, 2023 to be passed as an Ordinary Resolution

The transactions carried out in normal course of business with associated companies (Related parties) were being approved by the Board as recommended by the Audit Committee on quarterly basis pursuant to clause 15 of the Listed Companies Corporate Governance Regulations, 2019.

During the Board meeting it was pointed out by the Directors that as the majority of Company Directors were interested in this/ these transaction(s) due to their common directorship and holding of shares in the associated companies, the quorum of directors could not be formed for approval of this/ these transaction(s) which has/ have to be approved by the shareholders in the General Meeting.

In view of the above, the transactions conducted during the financial year ended December 31, 2023 with associated companies as shown in note no. 32 & 33 to the Audited Financial Statements for year ended December 31, 2023 are being placed before the shareholders for their consideration and approval/ratification.

The Directors are interested in the resolution to the extent of their common directorships and their shareholding in the associated companies.

# Agenda Item No. 4 (b) – Authorization to the Chief Executive/ Principal Officer for the transactions carried and to be carried out with associated companies during the ensuing year ending December 31, 2024 to be passed as an Ordinary Resolution

The Company shall be conducting transactions with its related parties during the year ending December 31, 2024 on an arm's length basis as per the approved policy with respect to 'transactions with related parties' in the normal course of business. The majority of Directors are interested in these transactions due to their common directorship in the associated companies.

In order to comply with the provisions of clause 15 of Listed Companies (Code of Corporate Governance) Regulations, 2019, the shareholders may authorize the Chief Executive/ Principal Officer to approve transactions carried out and to be carried out in normal course of business with associated companies/related parties during the ensuing year ending December 31, 2024.

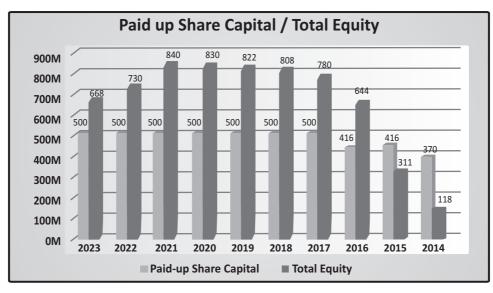

The Directors are interested in the resolution to the extent of their common directorships and their shareholding in the associated companies.

THE UNIVERSAL INSURANCE COMPANY LIMITED

- SERVICE - PROSPERITY

### **CHAIRMAN'S REVIEW**

I on behalf of the board of directors have pleasure in presenting the 64<sup>th</sup> annual report along with performance review of The Universal Insurance Company Limited for the year ended 31<sup>st</sup> December, 2023.

### **Company Performance:**

The financial results of the Company are negative mainly due to reduced volume of the gross written premium during the period ended December 31, 2023 as the consequences of limited reinsurance arrangements.

### **Future Outlook:**

The revival strategy prepared by the management and reviewed by the insurance expert has been duly approved by the Board with the advice to the management to start implementation.

### Acknowledgement:

I wish to express my sincere appreciation to our valued shareholders, clients, reinsurers, SECP & financial institutions whose cooperation and support over the year has further strengthened our market image.

### **INDEPENDENT AUDITOR'S REVIEW REPORT**

### To the members of The Universal Insurance Company Limited Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019 and Code of Corporate Governance for Insurers, 2016

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 and the Code of Corporate Governance for Insurers, 2016 (both herein referred to as "the Regulations") prepared by the Board of Directors of **The Universal Insurance Company Limited (the 'Company')** for the year ended December 31, 2023 in accordance with the requirements of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended December 31, 2023.

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE UNIVERSAL INSURANCE COMPANY LIMITED

### **Report on the Audit of the Financial Statements**

### Opinion

We have audited the annexed financial statements of **The Universal Insurance Company Limited**, which comprise the statement of financial position as at December 31, 2023, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Insurance Ordinance, 2000 (XXXIX of 2000) and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2023 and of the loss, total comprehensive loss, the changes in equity and its cash flows for the year then ended.

### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matter**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

| S. No. | Key audit matters  | How the matter was addressed in our audit   |  |  |
|--------|--|---|--|--|
| 1      | Valuation, classification and impairment of<br>investments<br>Refer notes 4.8, 7, 8 and 9 to the financial statements<br>relating to valuation and impairment of investments. The<br>Company's investment portfolio comprises of government<br>debt securities and investment in associates. The<br>Company's investments represent 38% of the total assets.<br>We identified the valuation and impairment of investments<br>as key audit matter because of the significance of<br>investments and management's judgment involved as<br>these involves complex accounting considerations and<br>judgments. | <ul> <li>Our audit procedures in respect of this matter included the following:</li> <li>Obtained an understanding, evaluated the design and tested the operating effectiveness of controls designed for valuation and impairment of investments.</li> <li>Assessed the methodology used and evaluated the valuation of debt securities using the market yield pricing methodology based on interpolation of relevant rates and valuation of equity securities by comparing the quoted prices of Pakistan Stock Exchange for the securities;</li> <li>Evaluated the valuation assessment performed by the Company to identify any potential impairment in relation to its investments; and</li> <li>Assessed whether the Company's disclosures in relation to the valuation and impairment of investments are compliant with the relevant accounting requirements and the Companies Act, 2017.</li> </ul> |  |  |

| S. No. | Key audit matters  | How the matter was addressed in our audit  |
|--------|--|--|
| 2      | Valuation of claim liabilities<br>Refer contents of notes 4.4 and 24 of the financial<br>statements for disclosures of related accounting policy and<br>claims disclosures.<br>The Company's outstanding claims constitute 53% of its<br>total liabilities. Valuation of these outstanding claims<br>involves significant management judgment regarding<br>uncertainty in the estimation of claims payments and<br>assessment of frequency and severity of claims.<br>Outstanding claims are recognized on intimation of the<br>insured event based on management judgment and<br>estimation. The Company maintains provision for IBNR<br>claims based on the advice of an independent Actuary. The<br>actuarial valuation process involves significant judgment<br>and the use of actuarial assumptions | <ul> <li>Our audit procedures in respect of this matter included the following: <ul> <li>Obtained an understanding, evaluated the design and tested the controls over the process of capturing, processing and recording of information related to the claims;</li> <li>Obtained an understanding, evaluated the design and tested the controls related to recoveries from reinsurance arrangements;</li> <li>Evaluated whether the Company's actuarial methodologies used were consistent with prior years;</li> <li>Evaluated general principles, actuarial assumptions and method adopted for actuarial valuations by the Actuary of the Company for determination of IBNR;</li> <li>Tested the completeness, accuracy and reliability of the underlying data utilized by Actuary in actuarial valuation;</li> <li>Tested claims transactions on sample basis with underlying documentations to evaluate whether the claims reported during the year were recorded in accordance with the requirements of the Company's policy and insurance regulations;</li> <li>Considered the adequacy of Company's disclosures about the estimates used and the sensitivity to key assumptions; and</li> <li>Assessed on a sample basis the reinsurer's share of claims against the term of the reinsurance contracts and the related recorded liabilities.</li> </ul></li></ul> |
| 3      | Contingencies<br>The Company is subject to litigations involving different<br>courts, which require management to make assessment<br>and judgments with respect to likelihood and impact of such<br>litigations.<br>Management has engaged independent legal counsels on<br>these matters.<br>The accounting for and disclosure of contingencies is<br>complex and is a matter of significance in our audit because<br>of the judgments required to determine the level of certainty<br>on these matters.<br>The details of contingencies along with management's<br>assessment are disclosed in note 22 to the financial<br>statements.   | <ul> <li>Our audit procedures in respect of this matter included the following:</li> <li>Discussed legal cases with the legal department to understand the management's view point and obtained and reviewed the litigation documents in order to assess the facts and circumstances;</li> <li>Obtained independent opinion of legal advisors dealing with such cases in the form o confirmations;</li> <li>Evaluated the legal cases in line with the requirements of IAS 37: Provisions, contingent liabilities and contingent assets; and</li> <li>The disclosures of legal exposures and provisions were assessed for completeness and accuracy.</li> </ul>  |

### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Insurance Ordinance, 2000 (XXXIX of 2000) and Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform
  audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our
  opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
  may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence
  obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's
  ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our
  auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.
  Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or
  conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) Proper books of account have been kept by the Company as required by the Insurance Ordinance, 2000(XXXIX of 2000) and the Companies Act, 2017 (XIX of 2017);
- b) The statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Insurance Ordinance, 2000 (XXXIX of 2000), the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) Investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) No zakat was deductible under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Shoaib Ahmad Waseem.

THE UNIVERSAL INSURANCE COMPANY LIMITED

**3.3** There are certain other new and amended standards, interpretations and amendments that are mandatory for the Company's accounting periods beginning on or after January 01, 2023 but are considered not to be relevant or will not have any significant effect on the Company's operations and are therefore not stated in these financial statements.

#### 4. Summary of significant accounting policies

The significant accounting policies adopted in the preparation of these financial statements are the same as those applied in the preparation of the financial statements of the Company for the year ended December 31, 2022.

#### 4.1 Insurance contracts

Insurance contracts are those contracts where the Company (the insurer) has accepted significant insurance risk from another party (the policy holders) by agreeing to compensate the policy holders if a specified uncertain future event (the insured event) adversely affects the policy holders.

Once a contract has been classified as an insurance contract, it remains an insurance contract for the remainder of its life time, even if the insurance risk reduces significantly during this period, unless all rights and liabilities are extinguished or expired.

Insurance contracts issued by the Company are generally classified in four basic categories, i.e. Fire and Property, Marine and Transport, Motor and Miscellaneous and are issued to multiple types of clients with business in engineering, automobiles, cement, power, textile, paper, agriculture, services and trading sectors, etc. and individuals as well. The tenure of these insurance contracts depends upon terms of the policies written and vary accordingly.

- Fire & Property insurance contracts generally cover the assets of the policy holders against damages by fire, earthquake, riots & strike, explosion, atmospheric disturbance, flood, electric fluctuations impact, burglary and loss of profit followed by incident of fire.
- Marine & Transport insurance contracts generally provide cover for loss or damage to cargo while in transit to and from foreign land and inland transit due to various insured perils including loss of or damage to carrying vessel.
- Motor insurance contracts provide indemnity for accidental damage to or loss of insured vehicles including loss of or damage to third party and other comprehensive car coverage.
- Other insurance contracts provide variety of coverage including cover against burglary, loss of cash in safe, cash in transit and cash on counter, fidelity guarantee, personal accident, workmen compensation, contractor's all risk, erection all risk, machinery breakdown, boiler damage, crop and health.

In addition to direct insurance, the Company also participates in risks under co-insurance contracts from other companies and also accepts risks through re-insurance inward by way of facultative acceptance on case to case basis provided such risks are within the underwriting policies of the Company. The nature of the risks undertaken under such arrangement is consistent with the risks in each class of business as stated above.

The Company neither issues investment contracts nor does it issue insurance contracts with discretionary participation features (DPF).

#### 4.2 Premium

Premium written under a policy is recognised as income over the period of insurance from the date of issuance of the policy to which it relates to its expiry. Where the pattern of incidence of risk varies over the period of the policy, premium is recognised as revenue in accordance with the pattern of incidence of risk. The portion of premium written relating to the unexpired period of coverage is recognised as unearned premium by the Company.

THE UNIVERSAL INSURANCE COMPANY LIMITED

#### 4.3 Reinsurance ceded

The Company enters into reinsurance contracts in the normal course of business in order to limit the potential for losses arising from certain exposures. Outward reinsurance premiums are accounted for in the same period as the related premiums for the direct or accepted reinsurance business being reinsured.

Reinsurance liabilities represent balances due to reinsurance companies. Amounts payable are estimated in a manner consistent with the related reinsurance contract. Reinsurance assets represent balances due from reinsurance companies. Amounts recoverable from reinsurers are estimated in a manner consistent with the provision for outstanding claims or settled claims associated with the reinsurance policies and are in accordance with the related reinsurance contract.

Reinsurance assets are not offset against related insurance liabilities. Income or expenses from reinsurance contracts are not offset against expenses or income from related insurance assets.

Reinsurance assets or liabilities are derecognised when the contractual rights are extinguished or expired.

The Company assesses its reinsurance assets for impairment on the reporting date. If there is an objective evidence that the reinsurance asset is impaired, the Company reduces the carrying amount of the reinsurance asset to its recoverable amount and recognises that impairment loss in the statement of profit or loss.

#### 4.4 Claims

Claims are charged to income as incurred based on estimated liability for compensation owed under the insurance contracts. It includes claims handling costs that are directly related to the processing and settlement of claims, a reduction for the value of salvage and other recoveries and any adjustments to claims outstanding from previous years.

#### (a) Outstanding claims (including IBNR)

A liability for outstanding claims is recognised in respect of all claims incurred up to the reporting date, which is measured at the undiscounted value of expected future payments. Provision for outstanding claims include amounts in relation to claims reported but not settled, claims incurred but not reported (IBNR) and expected claims settlement costs.

Reinsurance recoveries against outstanding claims are recognised as an asset and measured at the amount expected to be received.

#### (b) Claims reported but not settled

Provision for liability in respect of claims reported but not settled at the reporting date is made on the basis of individual case estimates. The case estimates are based on the assessed amounts of individual losses and where loss assessments have not been carried-out, the estimates are established in light of currently available information, past experience of similar claims and in some cases in relation to the sums insured. Case estimates are reviewed periodically to ensure that the recognised outstanding claim amounts are adequate to cover expected future payments including expected claims settlement costs and are updated as and when new information becomes available.

#### (c) Claims incurred but not reported

The provision for claims incurred but not reported (IBNR) is made at the reporting date. The Company takes actuarial advice for the determination of IBNR claims. The 'Chain Ladder (CL) Method'and 'Ultimate Loss Ratio Technique' has been used to obtain an adequate estimate of the IBNR claims.

#### 4.5 Premium deficiency reserve (liability adequacy test)

At each reporting date, liability adequacy tests are performed separately for each class of business to ensure the adequacy of the unearned premium liability for that class.

It is performed by comparing the expected future liability, after reinsurance, from claims and other expenses, including reinsurance expense, commissions and other underwriting expenses, expected to be incurred after the reporting date in respect of policies in force at the reporting date with the carrying amount of unearned premium liability. Any deficiency is recognised by establishing a provision (premium deficiency reserve) to meet the deficit.

The expected future liability is estimated with reference to the experience during the expired period of the contracts, adjusted for significant individual losses, which are not expected to recur during the remaining period of the policies and expectations of future events that are believed to be reasonable.

The movement in the premium deficiency reserve is recognised as an expense or income in the statement of profit or loss for the year.

#### 4.6 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents include cash-in-hand, cash at banks on current and saving accounts.

#### 4.7 Loans to employees

These are recognised at cost, which is the fair value of consideration given.

#### 4.8 Investments

Classification of an investment is made on the basis of intended purpose for holding such investment. Management determines the appropriate classification of its investments at the time of purchase and re-evaluates such designation on regular basis.

Investments are initially measured at fair value plus transaction costs directly attributable to acquisition except for 'investment at fair value through profit or loss', which is measured initially at fair value.

All 'regular way' purchases and sales of investments are recognised on the trade date, which is the date that the Company commits to purchase or sell the investment.

The Company assesses at the end of each reporting period whether there is any objective evidence that investments are impaired. If any such indication exists, the Company applies the requirements of IAS 39 'Financial instruments: recognition and measurement' to all investments except for investments in Associates accounted for under equity method, which are tested for impairment in accordance with the requirements of IAS 36 'Impairment of assets'.

#### (a) Investments in associates

Associates are the entities over which the Company has significant influence but not control. Investments in associates are accounted for using the equity method of accounting and are initially recognised at cost. The Company's share of its associates' post acquisition profits or losses, movement in other comprehensive income and its share of post-acquisition movement in reserves is recognised in statement of profit or loss, statement of comprehensive income and reserves respectively. The cumulative post-acquisition movements are adjusted against the carrying amount of investments. Distributions received from an Associate reduce the carrying amount of investment.

#### (b) Held-to-maturity

Investments with fixed or determinable payments and fixed maturity are classified as held-tomaturity when the Company has the positive intention and ability to hold to maturity. Investments intended to be held for an undefined period are not included in this classification. Other long-term investments that are intended to be held-to-maturity are subsequently measured at amortised cost using the effective yield method. Any premium paid or discount availed on the acquisition of held to maturity investment is deferred and included in income for the period on a straight line basis over the term of investment. For investments carried at amortised cost, gains and losses are recognised in statement of profit or loss when the investments are de-recognised or impaired.

#### (c) Available-for-sale

Investments which are intended to be held for an undefined period of time but may be sold in response to the need for liquidity, changes in interest rates, equity prices or exchange rates are classified as available-for-sale.

Subsequent to initial recognition at cost, these are stated at market value in accordance with the requirements of IAS 39 (Financial instruments: recognition and measurement). The Company uses stock exchange quotations at the reporting date to determine the market value of its quoted investments whereas fair value of investments in delisted / unlisted companies is determined by reference to the net assets and financial position of the investee on the basis of latest available audited financial statements.

#### (d) Investments at fair value through profit or loss

Investments classified as held-for-trading and those designated as such are included in this category. Investments are classified as held-for-trading if these are acquired for the purpose of selling in the short term. Gains or losses on investments held-for-trading are recognised in statement of profit or loss.

#### 4.9 Due from insurance contract holders

These are recognised when due, at fair value of the consideration receivable less provision for doubtful receivables, if any. Provision for impairment on premium receivables is established when there is objective evidence that the Company will not be able to collect all the amounts due according to original terms of receivable. Receivables are also analysed as per their ageing and accordingly provision is maintained on a systematic basis.

#### 4.10 Insurance / reinsurance payables and receivables

Insurance / reinsurance payables and receivables are carried at cost, which is the fair value of the consideration to be paid / received in the future for services. However, an assessment is made at each reporting date to determine whether there is objective evidence that a financial asset or group of assets may be impaired. If such indication exists, the estimated recoverable amount of that asset is determined and any impairment loss is recognised for the difference between the recoverable amount and the carrying amount.

#### 4.11 Claim recoveries

Claim recoveries receivable from reinsurers are recognised as an asset at the same time as the claims which give rise to the right of recovery are recognised as a liability and are measured at the amount expected to be received.

#### 4.12 Taxation

#### (a) Current

Provision for current year's taxation is determined in accordance with the prevailinglaw of taxation on income enacted or substantively enacted by the end of the reporting period and is based on current rates of taxation being applied on the taxable income for the year, after taking into account tax credits and rebates available, if any, and taxes paid under the Final Tax Regime. The tax charge also includes adjustments, where necessary, relating to prior years which arise from assessments finalised during the year.

THE UNIVERSAL INSURANCE COMPANY LIMITED

#### (b) Deferred

Deferred tax is accounted for using the statement of financial position liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in statement of profit or loss except to the extent that it relates to items recognised in other comprehensive income or directly in equity; in this case the tax is also recognised in other comprehensive income or directly in equity respectively.

#### 4.13 Deferred commission expense

Commission costs incurred in obtaining and recording policies of insurance and reinsurance are being deferred and recognised as an asset in correlation with unearned premium that will be recognised in the subsequent reporting periods.

#### 4.14 Prepaid reinsurance expense

Premium for reinsurance contracts operative on a proportional and non-proportional basis is recorded as a liability on attachment of the underlying risks reinsured or on inception of the reinsurance contract respectively. For proportional reinsurance contracts, the reinsurance expense is recognised in accordance with the pattern of recognition of premium income to which they relate. For non-proportional reinsurance contracts, the reinsurance expense is recognised evenly in the period of indemnity. The portion of reinsurance premium not recognised as an expense is shown as a prepayment.

#### 4.15 Property and equipment

Fixed assets, except freehold land and buildings on freehold land, are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Freehold land is stated at revalued amount whereas buildings on freehold land are stated at revalued amounts less accumulated depreciation and accumulated impairment loss, if any. Company has policy to revalue its freehold land and buildings on freehold land after every three years.

Increases in the carrying amounts arising on revaluation of freehold land and buildings on freehold land are recognised, net of tax, in statement of other comprehensive income and accumulated in reserves in shareholders' equity. To the extent that the increase reverses a decrease previously recognised in statement of profit or loss, the increase is first recognised in profit or loss. Decreases that reverse previous increases of the same asset are first recognised in statement of other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss. Each year, the difference between depreciation based on the revalued carrying amount of the asset charged to profit or loss and depreciation based on the asset's original cost, net of tax, is reclassified from the revaluationsurplus on fixed assets to retained earnings.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to statement of profit or loss during the period in which these are incurred. Company revalue its property and equipment after every three years.

#### (a) Depreciation

Depreciation on fixed assets is charged to statement of profit or loss applying the reducing balance method so as to write-off the cost / depreciable amount of the assets over their estimated useful lives at the rates given in note 5. The Company charges depreciation on additions from the date when the asset is available for use and on deletions up to the date when the asset is de-recognised. The residual values and useful lives are reviewed by management at each financial year-end and adjusted if impact on depreciation is significant.

THE UNIVERSAL INSURANCE COMPANY LIMITED

#### (b) De-recognition

An item of fixed assets is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in statement of profit or loss in the year the asset is de-recognised.

#### 4.16 Investment property

Investment property is accounted for under the fair value model in accordance with the requirements of IAS 40. Subsequent capital expenditure on existing property and gain / loss on disposals are accounted for in the same manner as for fixed assets.

#### 4.17 Unearned premium reserves

Unearned premium reserves represent the portion of premium written relating to the unexpired period of coverage. Unearned premium reserves are being calculated as a proportion of the gross premium of each policy, determined as the ratio of the unexpired period of the policy and the total period, both measured to the nearest day as specified in the Insurance Rules for non-life insurance.

#### 4.18 Unearned reinsurance commission

Commission income receivable from reinsurers is taken to statement of profit or loss in accordance with the pattern of recognition of the reinsurance premium to which these relate.

#### 4.19 Retirement benefit obligations

#### (a) Defined contribution plan

The Company is operating a provident fund scheme for all its permanent employees; equal monthly contribution to the fund is made at the rate of 10% of the basic salaries both by the employees and the Company.

#### (b) Compensated absences

The Company accounts for liability in respect of employees' compensated absences in the period in which these are earned.

#### 4.20 Other creditors and accruals

Liabilities for creditors and other amounts payable are carried at cost, which is the fair value of the consideration to be paid in future for goods or services received, whether or not billed to the Company.

#### 4.21 Provisions

Provisions are recognised when the Company has a present obligation, legal or constructive, as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligationat the end of reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of receivable can be measured reliably.

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, prices and conditions, and can take place many years in future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

#### 4.22 Contingent liabilities

A contingent liability is disclosed when the Company

- has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or

- has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of obligation cannot be measured with sufficient reliability.

THE UNIVERSAL INSURANCE COMPANY LIMITED

#### 4.23 Revenue recognition

#### (a) Premium income earned

Premium written under a policy is recognised as income over the period of insurance from the date of issuance of the policy to which it relates to its expiry as follows:

for direct business
 for proportional re-insurance business
 evenly over period of the policy.
 evenly over the period of underlying insurance policies.

Where the pattern of incidence of risk varies over the period of policy, the premium is recognised as revenue in accordance with the pattern of incidence of risk.

#### (b) Administrative surcharge

This represents documentation and other charges recovered by the Company from policy holders in respect of policies issued at the rate of 5% of the premium restricted to a maximum of Rs.5,000 per policy. Administrative surcharge is recognised as revenue at the time the policies are written.

#### (c) Commission income

Commission income from reinsurers is recognised at the time of issuance of the underlying insurance policy by the Company. This income is deferred and brought to the account as revenue in accordance with the pattern of recognition of the reinsurance premium to which relates. Profit / commission, if any, which the Company may be entitled to under the terms of reinsurance, is recognised on accrual basis.

#### (d) Dividend income and bonus shares

Dividend income is recognised when the right of receipt is established. Bonus shares are accounted for by increase in number of shares without any change in the value of investments.

#### (e) Investment income

#### Income from held-to-maturity investments

Income from held-to-maturity investments is recognised on a time proportion basis taking into account the effective yield on the investments.

#### - Gain / loss on sale of available-for-sale investments

Gain / loss on sale of available-for-sale investments is included in income currently.

#### - Income from investments at fair value through profit or loss

Gain / loss on sale of investments at fair value through profit or loss is included in income currently.

#### (f) Rental and other income

Rental and other income is recognised on accrual basis.

#### 4.24 Management expenses

Management expenses, which are directly attributable to the underwriting business, are allocated in accordance with the volume of each class of business. Portion of management expenses, which are not allocable to the underwriting business, are categorised as other expenses. These expenses are charged to statement of profit or loss at the time the policies are accepted.

#### 4.25 Impairment

#### (a) Financial assets

A financial asset is considered to be impaired if objective evidence indicates that one or more events had a negative effect on the estimated future cash flow of that asset.

An impairment loss, in respect of a financial asset measured at amortised cost, is calculated as a difference between its carrying amount and the present value of estimated future cash flows discounted at the original effective interest rate. An impairment loss in respect of available-for-sale financial asset is calculated with reference to its current fair value.

Significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

THE UNIVERSAL INSURANCE COMPANY LIMITED

#### (b) Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each year-end to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognised in statement of profit or loss. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in statement of profit or loss.

#### 4.26 Financial instruments

Financial instruments carried on the statement of financial position include current & other accounts, investments, insurance / reinsurance receivables, reinsurance recoveries against outstanding claims, loans and other receivables, outstanding claims, insurance / reinsurance payables and other creditors & accruals. Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of instrument. Initial recognition is made at fair value plus transaction costs directly attributable to acquisition except for 'financial instruments at fair value through profit or loss', which are measured initially at fair value.

Financial assets are de-recognised when the Company looses control of the contractual rights that comprise the financial asset. The Company looses such control if it realises the rights to benefit specified in the contract, the rights expire or the Company surrenders those rights. Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on subsequent measurement and de-recognition is charged to the profit or loss currently. The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

#### 4.27 Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to set-off the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

#### 4.28 Earnings per share

The Company presents basic earnings per share for its shareholders. Basic earnings per share is calculated dividing the profit attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

#### 4.29 Share capital

Shares are classified as equity when there is no obligation to transfer cash or other assets. Incremental costs directly attributable to the issue of equity instruments are shown in equity as a deduction from the proceeds.

#### 4.30 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognised as liability in the Company's financial statements in the year in which these are approved.

#### 4.31 Foreign currencies

All monetary assets and liabilities denominated in foreign currencies are translated in Pak Rupees at the rates of exchange prevailing at the reporting date whereas transactions in foreign currencies during the year are initially recorded in functional currency at the rates of exchange prevailing at the transaction date. All non-monetary items are translated in Pak Rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined. Exchange gains and losses are included in income currently.

#### 4.32 Segment reporting

The Company accounts for segment reporting using the classes of business as specified under the Insurance Ordinance, 2000 and the Insurance Rules, 2017 as the primary reporting format based on the Company's practice of reporting to the management is on the same basis.

As the operations of the Company are carried-out in Pakistan, information relating to geographical segment is not considered relevant.

Assets, liabilities and capital expenditure, that are directly attributable to segments, have been assigned to them whereas the carrying amount of certain assets used jointly by two or more segments have been allocated to segments on a reasonable basis. The assets and liabilities, which cannot be allocated to a particular segment on a reasonable basis, are reported as unallocated corporate assets and liabilities.

#### 22. Contingencies and commitments

22.1 The Assistant Commissioner Inland Revenue ("the ACIR") vide his impugned order dated June 27, 2014 ("order-in-original) for the Tax Year 2008 created income tax demand of Rs.50.990 million u/s 121(1)(d) (Best judgment assessment) of the Income Tax Ordinance, 2001 ("the Ordinance"). The Company, against aforesaid impugned order-in-original, filed complaint before Hon'ble Federal Tax Ombudsman ("the FTO") wherein the FTO in its order dated January 21, 2015 recommended the Federal Board of Revenue ("the Department") to direct the Commissioner concerned to revisit the order-in-original under his revisionary jurisdiction. The Commissioner Inland Revenue ("the CIR") in compliance to the recommendations of the FTO vacated & remanded back the order-in-original through his order dated February 16, 2016 u/s 122A of the Ordinance wherein it was stated that the taxpayer/Company was not provided proper opportunity of being heard and show cause notice was issued on 21.06.2014 for compliance by 27.06.2014 and the ex-parte order passed on the same date i.e. 27.06.2014 without bringing on record material facts of the case. Thereafter, upon acceptance of the representation, filed by the Department before the Hon'ble President of Islamic Republic of Pakistan ("the President") on May 30, 2016, the concerned CIR vide his order dated June 18, 2016 declared his earlier order dated February 16, 2016 as infructuous and void ab-initio thereby restoring the order-in-original. Thereafter, the Department made a forced recovery from the Company for Rs.138,126 on June 30, 2016 by attaching the Company's bank account. The aforesaid amount has been classified as "Forced tax recovery" and grouped under loans and other receivables at Note 10. The Company chose to challenge the restored order-in-original by filing 1st appeal before the Commissioner Inland Revenue, Appeals-II ("the CIR (A)") who accepted the Company's appeal vide his order dated October 10, 2016 and annulled the order-in-original on legal grounds. The Department took the Company before Hon'ble Appellate Tribunal Inland Revenue ("the ATIR") by filing 2nd Appeal which was dismissed on July 27, 2021 on the ground that order-inoriginal (based on best judgment assessment) has been passed without declaring the income tax return for the Tax Year 2008 as invalid hence, the order of CIR (A) is upheld. Accordingly, during the year, the Department has incorporated 2nd appeal effect, u/s 124 of the Income Tax Ordinance, 2001, by issuing amended assessment order and declaring the company's liability as nil. Now' the Company's application for refund for Rs. 138,126 is pending for payment by the department.

- **22.2** The ACIR vide his impugned order dated June 29, 2015 ("order-in-original") for the Tax Year 2009 created withholding income tax demand for Rs.17.032million (including default surcharged for Rs. 8.447million) under section 161/205 of the Ordinance. The Company opted to challenge the said order-in-original through 1st appeal filed before the CIR (A) which was accepted on April 28, 2016 in favour of the Company. Meanwhile, during the pendency of 1st appeal, the Department adopted coercive measures for recovery of impugned income tax demand created through order-in-original and thus the Company was forced to pay income tax-under protest for Rs. 5.5million on October 27, 2015 which has been grouped under loans and other receivables (Note 10). The Department challenged the order of CIR (A) and filed 2nd appeal before the ATIR who dismissed the appeal of the Department being filed without any merit or substance, vide order dated August 23, 2021. The Company has not received any intimation from the department regarding filing of any reference before the High Court since date of order i.e. 23.08.2021 passed by ATIR. Accordingly, during the year, the Department has incorporated 2nd appeal effect, u/s 124 of the Income Tax Ordinance, 2001, by issuing amended assessment order and declaring the company's liability as nil. Now' the Company's application for refund for Rs. 5.5 million is pending for payment by the department.
- **22.3** The Company filed a civil suit against M/s Premier Alliance Industries (Pvt.) Ltd, Gadoon for recovery of Rs.7.285million in lieu of issuance of insurance guarantee which has been decreed in favour of the Company (the decree-holder). Thereafter, the Company filed execution petition which is pending adjudication.
- The Deputy Commissioner Revenue, during the financial year ended December 31, 2016, had 22.4 passed three orders on June 28, 2016 under the Federal Excise Act, 2005 relating to tax years 2013, 2014 and 2015 by creating federal excise duty liability of Rs.15.529 million, Rs.9.497 million and Rs.7.102 million respectively (total Rs.32.128 million along with penalty to the tune of Rs.1.606million). The Company, during these aforesaid years, had already paid sales tax in FED mode to the respective provincial jurisdictions as after the 18th constitutional amendment on 19.10.2010 in The Constitution of The Islamic Republic of Pakistan, 1973, it has become a provincial matter. The Company, during the financial year ended December 31, 2016, filed appeals before the CIR (Appeals) who rejected these appeals on 30.11.2016. Resultantly, the Sales Tax Department (Department) of the Federal Board of Revenue (FBR) on December 30, 2016, had made forced recoveries aggregating Rs.23.831 million by attaching the Company's bank accounts. The Company has classified the said forced recovery by FBR as "Forced federal excise duty recovery-refundable" and has grouped it under loans and other receivables at Note 10). The Company filed 2nd appeals before the ATIR who accepted the appeals of the Company on August 29, 2017 by vacating the orders of the authorities below being illegal, void ab-initio and not sustainable in the eyes of law. Resultantly, the Company applied for the refund of FED for Rs.23.831 million from the Department and being again aggrieved knocked the doors of the Hon'ble Federal Tax Ombudsman but could not succeed in getting any relief. Meanwhile, the Department filed references on May 23, 2018 before the Hon'ble Lahore High Court, Lahore against the order of ATIR dated August 29, 2017 which were required to be filed by or before November 28, 2017. The Hon'ble Lahore High Court, Lahore, during September, 2020, dismissed the references filed by the Department by observing that in view of clear exemption in FED Act, 2005 duties on the services provided in a province/jurisdiction shall not be levied where provincial sales tax has already been levied. The Department challenged the aforesaid impugned order of Lahore High Court before the Hon'ble Supreme Court of Pakistan, Islamabad ("the SCP). The SCP vide its order dated June 14, 2021 has set aside the impugned order of Lahore High Court and accordingly remanded back the matter to the Hon'ble Lahore High Court, Lahore for determination afresh wherein the matter is pending adjudication.
- **22.5** Sardar Khan (Ex-Managing Director) after his resignation on 05.04.2010 which was accepted by the Company on 07.04.2010 filed a suit, during financial year 2012, for recovery of his alleged claim on account of gratuity benefits for Rs. 20.090 million along with interest & costs against the Company which was decreed in his favour by the learned trial court vide its order dated 09.01.2017. The aforesaid impugned order was challenged by the Company through appeal before learned ADJ, Lahore who remanded the case to the lower court with the direction to decide the case de-novo vide its order dated 10.11.2018. The judgment passed by the appellate court dated 10.11.2018 was assailed by both the parties before Hon'ble Lahore High Court, Lahore who vide its order dated 30.06.2020, set aside the impugned appellate order with the direction to ADJ, Lahore to decide it afresh. Finally, on 03.10.2020, the appeal of the Company has been accepted by the Hon'ble ADJ, Lahore and passed in favour of the Company by declaring that the impugned judgment of learned trial court dated 09.01.2017, being nullity, and is not sustainable in the eyes of law. Subsequently, Ex-Managing Director has filed appeal before the Hon'ble Lahore High Court, Lahore against the order of ADJ, Lahore, which is pending adjudication.

- **22.6** Rice export cargo claim filed by Rana Basit Rice Mills (Pvt) Ltd, Okara ("the policyholder") before Insurance Tribunal, Okara was dismissed on 16.01.2021 under proviso to section 115 of the Insurance Ordinance, 2000. The policyholder filed re-agitated his suit for EURO 282,397 before Additional District Judge, Lahore who erroneously transferred the suit to newly and fully constituted Insurance Tribunal, Lahore. The newly constituted (during current year) Insurance Tribunal Lahore has wrongfully assumed the jurisdiction in the case of Rana Basit Rice Mills (Pvt) Ltd which has been appealed before the Hon'ble Lahore High Court, Lahore. The appeal of the Company has been accepted and the Hon'ble High Court has directed the Learned Insurance Tribunal to decide issue of jurisdiction first before proceeding further in this case. The matter is pending adjudication before Insurance Tribunal and the Company expects the favourable outcome of the same.
- **22.7** Cases filed by Fashion Guide International and Baig Trading Corporation before the Insurance Tribunal have been decided by the Insurance Tribunal on September 24, 2019. The Tribunal has decided that the Petitioners (Fashion Guide International and Baig Trading Corporation) are entitled to recover Rs.8.376 million and Rs.8.130 million respectively along with liquidated damages u/s 118 of the Insurance Ordinance, 2000. The Company filed appeals before the Lahore High Court (LHC), against the aforesaid judgments of the learned Tribunal, especially on the point of grant of liquidation damages form date of loss, who vide its orders dated November 13, 2019, suspended operation of the impugned decrees subject to deposit of the decretal amounts of Rs.8.376 million and Rs.8.130 million with the Deputy Registrar of LHC which has been duly deposited. The case is pending adjudication before the Hon'ble Lahore High Court, Lahore. The Company expects favourable outcome of the case.
- Case filed by policyholder Shad & Company ("the claimant") before Hon'ble Insurance Tribunal, 22.8 Lahore was decreed in favour of the claimant/decree-holder on 30.08.2018 by the Insurance Tribunal, Lahore for Rs. 4.0million along with liquidated damages u/s 118 of the Insurance Ordinance, 2000. The Company assailed the order of Tribunal before the Lahore High Court, Lahore (LHC) through appeal which was dismissed on 17.09.2020. The Company then challenged the order of LHC before Hon'ble Supreme Court of Pakistan, Islamabad (SCP) who also dismissed Company's appeal on 30.11.2020. Finally, the Company has filed a Civil Review Petition before the Hon'ble SCP, Islamabad which has also met with the same fate. Meanwhile, on 04.01.2021, the claimant/decree-holder filed execution petition before Insurance Tribunal, Lahore for an alleged claim amount of Rs. 29.547 million i.e. the principal decretal amount of Rs. 4.0 million plus alleged liquidated damages to the tune of Rs. 25.547 million. During the year 2021, the Company (the judgment-debtor) has filed objection petition along with payment of liquidated damages amounting to Rs. 764,688 which are calculated from the date of decree i.e. 30.08.2018 while the claimant was demanding the liquidated damages from date of loss i.e. 18.10.2010. The said controversy has been settled by the Hon'ble Insurance Tribunal, Lahore vide its order dated 31.01.2022 wherein it was held that contention of the Company has been found correct. The claimant opted to challenge the aforesaid order before High Court, where the appeal of Shad & Company is pending for adjudication.
- **22.9** Recovery suit filed by M/s. Toyota Capital Motors ("the Plaintiff") for Rs. 1.197 million before Civil Judge, Islamabad is pending adjudication. The Company has compromised (out of court) with the plaintiff and accordingly, during the current period, the Honourable Civil Judge, in view of joint statement of the parties, has dismissed the suit being withdrawn.
- **22.10** The impugned order- in original u/s 161/205 on the Income Tax Ordinance 2001, for the tax year 2015 was issued by creating tax demand for Rs. 2.691 million including default surcharge for Rs. 1.059 million. Consequently, the Company opted to file appeal before CIR(A) which was accepted. The tax department challenge the appeal order before ATIR Lahore by filing second appeal which is pending adjudication.

#### 36. Financial and insurance risk management objectives and policies

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including interest / mark-up rate risk, price risk and currency risk). The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance. Overall risks arising from the Company's financial assets and liabilities are limited. The Company consistently manages its exposure to financial risk without any material change from previous period in the manner described in notes below. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing the Company's risk management policies.

The individual risk wise analysis is given below:

#### 36.1 Credit risk and concentration of credit risk

Credit risk is the risk that arises with the possibility that one party to a financial instrument will fail to discharge its obligation and causes the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures by undertaking transactions with a large number of counterparties in various sectors and by continually assessing the credit worthiness of counterparties.

Concentration of credit risk occurs when a number of counterparties have a similar type of business activities. As a result any change in economic, political or other conditions would affect their ability to meet contractual obligations in similar manner. The Company's credit risk exposure is not significantly different from that reflected in these financial statements. The management monitors and limits the Company's exposure and makes estimates of provisions for doubtful assets, if any. The management is of the view that it is not exposed to significant concentration of credit risk as its financial assets are adequately diversified in entities of sound financial standing, covering various industrial sectors.

The carrying amount of financial assets represents the maximum credit exposure as specified below:

|   | 2023<br>Rupees in th | 2022<br>Iousand |
|---|----------------------|-----------------|
| Bank balances                                     | 142,861              | 10,071          |
| Investments in equity securities                  | -                    | 59,934          |
| Investments in debt securities                    | 57,005               | 55,363          |
| Insurance / reinsurance receivables               | 60,475               | 83,239          |
| Reinsurance recoveries against outstanding claims | 40,038               | 21,717          |
| Loans and other receivables                       | 2,731                | 2,707           |
|   | 303,110              | 233,031         |

Provision is made for doubtful insurance / reinsurance receivables according to the Company's policy. The impairment provision is written-off when the Company expects that it cannot recover the balance due. During the year, provision for doubtful insurance / reinsurance receivables aggregating Rs. Nil million (2022: Rs.72.368 million) have been made. The provision for doubtful insurance / reinsurance receivables is shown in note 11 to these financial statements.

#### 36.3 Market risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective is to manage and control market risk exposures within acceptable parameters while optimising the return. The market risks associated with the Company's business activities are interest / mark-up rate risk, price risk and currency risk.

#### a) Interest / mark-up rate risk

Interest / mark-up rate risk is the risk that the value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark-up rate risk arises from mismatching of financial assets and liabilities that mature or repaid in a given period. The Company manages this mismatch through risk management strategies where significant changes in gap position can be adjusted. At the reporting date, the interest / mark-up rate profile of the Company's significant interest / mark-up bearing financial instruments was as follows:

|   | 2023                                  | 2022          | 2023               | 2022      |

#### b) Sensitivity analysis

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore a change in interest rate will not effect fair value of fixed rate financial instrument. For cash flow sensitivity analysis of variable rate instruments, a hypothetical change of 100 basis points in interest rates at the reporting date would have impacted profit for the year by Rs.1,429 thousand (2022: Rs.101 thousand) based on assumption that all other variables will remain constant. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected above.

#### c) Price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest / mark-up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instrument traded in the market. The Company is not exposed to commodity price risk. The Company is exposed to equity price risk that arises as a result of changes in the levels of Pakistan Stock Exchange-Index and the value of individual shares.

Available-for-sale / Fair value through profit or loss investments are stated as per the policy detailed in note 4.8 (c)(d). The carrying and market values of these investments have been disclosed in note 8 to these financial statements.

As the Company is only exposed to price risk for investments classified in the available-for-sale and at fair value through profit or loss categories, a 10% increase / decrease in share / unit prices at the year-end would have increased / decreased profit before tax for the year as at December 31, 2023 by Rs. Nil million (2022: Rs.5.993 million).

#### d) Currency risk

Currency risk is the risk that the value of a financial asset or liability will fluctuate due to changes in foreign currency rates. Foreign exchange risk arises mainly where receivables and payables exist due to transactions in foreign currencies. At the reporting date, the Company does not have assets or liabilities, which are exposed to foreign currency risk.

THE UNIVERSAL INSURANCE COMPANY LIMITED

#### 37. Insurance risk

The principal risk the Company faces under insurance contracts is that the actual claims and benefit payments or the timing thereof, differ from expectations. This is influenced by the frequency of claims, severity of claims, actual benefits paid and subsequent development of long-term claims. Therefore, the objective of the Company is to ensure that sufficient reserves are available to cover these liabilities. The above risk exposure is mitigated by diversification across a large portfolio of insurance contracts and geographical areas.

The variability of risks is also improved by careful selection and implementation of underwriting strategy guidelines, as well as the use of reinsurance arrangements. Further, strict claim review policies to assess all new and ongoing claims, regular detailed review of claims handling procedures and frequent investigation of possible fraudulent claims and similar procedures are put in place to reduce the risk exposure of the Company. The Company further enforces a policy of actively managing and prompt pursuing of claims, in order to reduce its exposure to unpredictable future developments that can negatively impact the Company.

Amounts recoverable from reinsurers are estimated in a manner consistent with the outstanding claims provision and are in accordance with the reinsurance contracts.

Although the Company has reinsurance arrangements, it is not relieved of its direct obligations to its policyholders and thus a credit exposure exists with respect to ceded insurance, to the extent that any reinsurer is unable to meet its obligations assumed under such reinsurance agreements. The Company's placement of reinsurance is diversified such that it is neither dependent on a single reinsurer nor are the operations of the Company substantially dependent upon any single reinsurance contract. Reinsurance policies are written with approved reinsurers on either a proportionate basis or non-proportionate basis. The reinsurers, carefully selected and approved, are dispersed over several geographical regions.

Experience shows that larger is the portfolio of similar insurance contracts, smaller the relative variability about the expected outcome will be. In addition, a more diversified portfolio is less likely to be affected across the board by a change in any subset of the portfolio. The Company has developed its insurance underwriting strategy to diversify the type of insurance risks accepted and within each of these categories to achieve a sufficiently large population of risks to reduce the variability of the expected outcome.

The Company principally issues the general insurance contracts e.g. marine & transport, fire & property damage, motor and others. Risks under non-life insurance policies usually cover twelve months duration. For general insurance contracts, the most significant risks arise from accidental fire, atmospheric disaster and terrorist activities. Insurance contracts at times also cover risk for single incident that exposes the Company to multiple insurance risks.

#### a) Concentration of insurance risk

To optimise benefits from the principle of average and law of large numbers, geographicalspread of risk is of extreme importance. There are a number of parameters which are significant in assessing the accumulation of risks with reference to the geographical location, the most important of which is risk survey.

Risk surveys are carried-out on a regular basis for the evaluation of physical hazards associated primarily with the commercial / industrial occupation of the insured. Details regarding the fire separation / segregation with respect to the manufacturing processes, storage, utilities, etc. are extracted from the layout plan of the insured facility. Such details are formed part of the reports which are made available to the underwriters / reinsurers for their evaluation.Reference is made to the standard construction specifications laid down by IAP (Insurance Association of Pakistan). For fire & property risk a particular building and neighbouring buildings, which could be affected by a single claim incident, are considered as a single location. For earthquakerisk, a complete city is classified as a single location. Similarly, for marine risk, multiple risks covered in a single vessel voyage are considered as a single risk while assessing concentration of risk. The Company evaluates the concentration of exposures to individual and cumulative insurance risks and establishes its reinsurance policy to reduce such exposures to levels acceptable to the Company.

A risk management solution is implemented to help assess and plan for risk in catastrophic scenarios. It provides a way to better visualize the risk exposure to the Company, which determines the appropriate amount of reinsurance coverage to protect the business portfolio.

### b) Reinsurance risk

As per general practice of the insurance industry, in order to minimise financial exposure arising from large claims, the Company, in the normal course of business, enters into agreements with other companies for reinsurance purposes. Such reinsurance arrangements provide for greater diversification of business, allow management to control exposure to potential losses arising from sizeable risk and provide additional underwriting capacity, which also constitutes towards the growth of premium. A significant portion of the reinsurance is effected under treaty, facultative and also under excess of loss reinsurance contracts to protect the Company's exposure towards catastrophic losses.

To minimise its exposure to any possible losses from reinsurers' insolvencies, the Company evaluates the financial condition of the reinsurers, their rating and monitors concentrations of credit risk arising from the respective geographic regions, activities or economic characteristics of the reinsurers.

The concentration of risk by type of contracts is summarised below by reference to liabilities:

### c) Neutral assumptions for claims estimation

The process used to determine the assumptions for calculating the outstanding claims reserve is intended to result in neutral estimates of the most likely or expected outcome. The nature of the business makes it very difficult to predict with certainty the likely outcome of any particular claim and the ultimate cost of notified claims. Each notified claim is assessed on a separate, case by case basis with due regard to claim circumstances, information available from surveyors and historical evidence of the size of similar claims. Case estimates are reviewed regularly and are updated as and when new information is available.

The estimation of IBNR is generally subject to a greater degree of uncertainty than the estimation of the cost of settling claims already notified to the Company, in which case information about the claim event is available. IBNR provisions are recognised by the Company based on the valuation carried-out by the Actuary on yearly basis in pursuance of SECP Circular No. 09 of 2016.

The estimation process takes into account the past claims reporting pattern and details of reinsurance programs. The premium liabilities have been determined such that the total premium liability provisions (unearned premium reserves and premium deficiency reserves) would be sufficient to service the future expected claims and expenses likely to occur on the unexpired policies as of the reporting date.

### d) Sensitivity analysis

The risks associated with the insurance contracts are complex and subject to a number of variables, which complicate quantitative sensitivity analysis. The Company considers that the liability for insurance claims recognised in the statement of financial position is adequate. However, actual experience may differ from the expected outcome.

As the Company enters into short term insurance contracts, it does not assume any significant impact of changes in market conditions on unexpired risks. However, some results of sensitivity testing are set-out below, of claims net of reinsurance showing the impact on underwriting results and equity, net of reinsurance:

### **39.** Fair value measurement of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unadjusted) inputs (Level 3). Transfer between levels of the fair value hierarchy are recognized at the end of the reporting period during which the changes have occurred.
